Rebel

Glam Rox Rebel range is an exciting range of alternative fashion accessories for mobile and PC devices...

Glam Rox Rebel accessories draw upon the popular rock tattoo art fashion trend. The designs are unique, individual and bold, very eye-catching in store. The range appeals to the 12-16 girl market who want to stand out from the crowd and are proud to be different.

With glitter design features, skull zipper pulls, and gem stud detail, this range is both high quality and trend setting.

Rebel Romance

GLAM:ROX

Glam Rox Rebel Romance accessories are a stylish choice for the protection and personalisation of mobile and digital devices.

Rebel Romance is a more subtle and sophisticated style of edgy alternative fashion. Skulls and roses are blended into lace like patterns to give an older romantic rebel style.

This range will appeal to a wide range of girls aged 14-24. Sleek and sexy black packaging is highlighted with silver foil detail, catching the eye across the store.

Even though fashion and trends are forever changing, the Glam Rox Rebel Romance style is timeless and these accessories will have longevity in store.

Made from chunky knit thread, the cable knit design has become a favourite with customers Europe wide.

Snuggs has since then evolved introducing new fresh colours ideal for Spring/Summer ranges and also luxurious furry cases, brilliant for Autumn/Winter.

Snuggs products are renowned for their simple yet stylish design and high quality finish; perfect for woman aged 14-34, but with universal appeal.
